Way to Go!!

Raising the Flag!

All I can say is that we all have a lot more respect for how to raise and lower a flag. It's not as easy as it looks!

Robotics Competitions

Adam O. and Alex W. built a robot named "Leonard Jr." L.J. won the camp-wide robotics competition. Leonard Jr. pushed the camp competition out of the ring ... literally.

Captain Resica's Trial of Strength is no JOKE!

The Trial of Strength consists of running, kayaking and archery. Oliver made us very proud taking 4th place.

Troop 94 Stole the Show!

There's a lot of hidden talent in our Troop! Our skit had people leaping to their feet in excitement!

High - 5

Andrew participated in the High -5 Adventure club! He enjoyed spectacular hikes not to mention tomahawk throwing ☺

Rock Stars from 94!

Sean and Jeffrey were rocking the house at the talent show!

Waiting for Lightning to Pass

There was some rain at camp, so we took cover in the mess hall and enjoyed some good company.
